

Preliminary list of participants - 17/09/2021

INVAP SE

Devoted to technological development in various fields of expertise including industry, applied research, and science in Argentina

Argentina

BÖHLER EDELSTAHL GMBH & CO. KG

Powder metallurgy - Heat treatment - Moldmaking and tooling - Moulds

Austria

METALPINE GMBH

Production of high quality spherical metal powders.

Austria

PRIME AEROSTRUCTURES GMBH

Engineering office in the field of aerospace and defense

Austria

BMT ADDITIVE NV

Gear manufacturer - Metal Additive Manufacturing

Belgium

COMPOLAM

Hybrid thermoplastic composite laminates

Belgium

SABCA SA

SABCA designs, builds and upgrades large and complex elements for aircraft and space launchers

Belgium

BURLOAK TECHNOLOGIES INC.

Canada's leading partner for highly engineered additive metal and plastic components for demanding applications

Canada

COORDINATE INDUSTRIES LTD

Oakville ON manufacture of cable assemblies, wire harnesses, mechanical and electromechanical assemblies; and Precision Machining Services (Metal and Plastic) for Aerospace, Military, Medical and Industrial Applications.

Canada

MITSUBISHI HEAVY INDUSTRIES CANADA AEROSPACE (MHICA)

Tier 1 manufacturer of major aircraft structures and assemblies

Canada

AVIC XI'AN AIRCRAFT INDUSTRY (GROUP) COMPANY LIMITED

Production large & medium size avions en chine/ production, developing and manufacturing large and medium-sized airplanes

China

COMMERCIAL AIRCRAFT CORPORATION OF CHINA LTD (COMAC)

COMAC is engaged in the research, manufacture and flight tests of civil aircraft and related businesses such as marketing, servicing, leasing and operations of civil aircraft

China

INTAMSYS TECHNOLOGY CO., LTD

3D printers manufacturer specializes in PEEK and high-performance functional materials 3D printing solutions

China

4D PIONEERS

3D Printing start-up born from the Research Field

France

A3DM MAGAZINE

Media - dedicated to additive manufacturing

France

ADDIMADOUR / COMPOSITADOUR - EESC ESTIA

PLATFORM ROBOTICS, COMPOSITES AND ADDITIVE

France

ADDUP

The Michelin Group and the Fives Group join forces and create FIVES MICHELIN ADDITIVE SOLUTIONS to become a major metal 3D printing player

France

AD'OCC (MADEELI)

Invest, Trade & Innovate in the Occitanie Region. Do you have a corporate location or a development project in the Occitanie region? We offer free personalized assistance. Let's meet

France

Preliminary list of participants - 17/09/2021

AERO SUD OUEST

Aerospace and space activities : metallic detail parts manufacturing, development of alternatives manufacturing technologies, research of technical solutions for improvement and reliability of the current productions

France

AEROSPACE VALLEY

Aerospace Valley is a non-profit created on July 13, 2005 to grow the competitiveness of the Midi-Pyrénées & Aquitaine regions' Aeronautics, Space, and Embedded Systems sectors on the national, European and international levels

France

AIRBUS

Aircraft Manufacturer

France

AIRBUS COMMERCIAL

Aircraft manufacturer

France

AIRBUS DEFENCE AND SPACE

Established leader in space transportation, satellite systems and services

France

AIRBUS DEFENCE AND SPACE

Established leader in space transportation, satellite systems and services

France

AIRBUS HELICOPTERS

Airbus Helicopters, leader in civil helicopter or military helicopter transport proposes a wide range of utility helicopters

France

AIRBUS OPÉRATIONS

Aircraft manufacturer

France

AIRBUS SAS

Manufacture and deliver industry-leading commercial aircraft, helicopters, military transports, satellites and launch vehicles, as well as providing data services, navigation, secure communications, urban mobility

France

AKKA TECHNOLOGIES

Engineering

France

ALD FRANCE

France

ALLEGHENY TECHNOLOGIES SAS (ATI EUROPE)

Production of speciality materials and complex components

France

ALTAIR ENGINEERING FRANCE

Altair is a leading provider of enterprise-class engineering software enabling innovation, reduced development times, and lower costs through the entire product lifecycle from concept design to in-service operation.

France

ALTRAN - CAPGEMINI ENGINEERING

France

AMETEK SAS - DIVISION CREAFORM

3D laser scanners, laser trackers, CMMs, 3D software, training, 3D scanning services, inspection, design and reverse

France

ARIANE GROUP

Airbus Safran Launchers conçoit, fabrique et essaie les moteurs du lanceur européen Ariane // Airbus Safran Launchers develops, designs, manufactures and tests engines for the European Ariane launch vehicle

France

ARKEMA

A world player in speciality materials

France

Preliminary list of participants - 17/09/2021

ARQUUS DEFENSE

Entreprise française spécialisée dans les véhicules militaires
France

AUBERT & DUVAL (GROUPE ERAMET)

We provide you with highly reliable metallurgical solutions that have been developed, designed and processed in optimal conditions to ensure reliability and reproducibility.
France

AUTODESK FRANCE

France

BIBENCH SYSTEMS

France

BINC INDUSTRIES

BESTinCLASS delivers innovative precision surface finishing services using a proprietary MMP Technologie. Working from its own treatment labs, BESTinCLASS is poised to provide manufacturers with custom finishes to meet their specifications
France

BUREAU GESTION CONSEIL 31 / DPT ITEKWAY

Entreprise Adaptée (EA) de l'Économie Sociale et Solidaire (ESS), propose des prestations de services techniques et d'ingénierie
France

BUREAU VERITAS LABORATOIRES

Bureau Veritas is a world leader in testing, inspection and certification services (TIC).
France

CDS - COGNITIVE DESIGN SYSTEMS

Cognitive Design Systems is developing a product design software which helps designers and engineers generate designs using AI
France

CEA TECH

Additive Manufacturing Program Manager
France

CEA TECH AQUITAINE

The French Alternative Energies and Atomic Energy Commission (CEA) is a key player in research, development and innovation in four main areas
France

CEA-LITEN / DTNM

Technological Research in defence and security, low carbon energies (nuclear and renewable energies) and fundamental research in the physical sciences and life sciences
France

CEA-LITEN / DTNM

Technological Research in defence and security, low carbon energies (nuclear and renewable energies) and fundamental research in the physical sciences and life sciences
France

CIMPA PLM SERVICES

Major player in PLM (Product Lifecycle Management) services / Lifecycle Services / Specialist Services / Tailored Solutions
France

CIRIMAT

Developing multidisciplinary research concerning all families of materials (metals, alloys, ceramics polymers, composites) from their conception to their behaviour in service
France

CML

CML provides benefits geometric and dimensional checks on non-destructive industrial sites. The company has facilities : laser trackers, scanners, poly-articulated arm CMM
France

CNES - CENTRE NATIONAL D'ETUDES SPATIALES

The Centre National d'Etudes Spatiales (CNES) is the government agency responsible for shaping and implementing France's space policy in Europe.
France

COLLINS AEROSPACE

Communications and aviation electronics solutions for aerospace and defense
France

Preliminary list of participants - 17/09/2021

COMPOSITIC - UNIVERSITE BRETAGNE SUD

Research institute

France

CORSE COMPOSITES AERONAUTIQUES

CCA has developed a recognized Know How in the field of the composite aerostructures that bring the company as key partner for Aircraft Manufacturers

France

CRITT TECHNIQUES JET FLUIDE ET USINAGE

Laboratoire de recherche industrielle et Prestataire de services de hautes technologies en Techniques Jet Fluide et Usinage

France

CRYOSTAR SAS

Fabrication de compresseurs

France

CTIF

CTIF is a French research and development centre, specialized in metal casting. At the very heart of the metal conversion process, it constantly strives to develop and strengthen the links between applied research and manufacturers

France

DAHER AEROSPACE

France

DAHER AEROSPACE

Aircraft manufacturer ; Aerostructure design and manufacturer ; Composite and metallic design and build

France

DASSAULT AVIATION

Only group in the world to design, manufacture and support both combat aircraft (instruments of political independence) and business jets (work and economic development tools).

France

DELTA EQUIPEMENT

Mechatronics solution developers and providers

France

DEMGY GROUP EX-DEDIENNE MULTIPLASTURGY GROUP

High precision machining - Injection and decoration - Thermoforming and stamping - Surface treatment and metallisation - Products with electromagnetic compatibility

France

DGA TECHNIQUES AERONAUTIQUES

Tests and aeronautical evaluation; AGREM EMC tests

France

DIOTA

We provide high tech solutions to help industrial firms improve their performance, both now and in the future.

France

DLF INDUSTRIE

Additive Manufacturing, Machining, Precision engineering

France

DMAE - DIRECTION DE LA MAINTENANCE AERONAUTIQUE

Aerospace Maintenance

France

ENIT - LABORATOIRE GÉNIE DE PRODUCTION

National School of Engineering in Tarbes

France

EQUANS (EX ENGIE AXIMA)

Defense ENGIE Axima delivers onboard or land-operated HVAC engineering, cooling and fire safety solutions. We strive to meet the challenges of energy efficiency, acoustic performance, safety and comfort.

France

EQUANS (EX ENGIE AXIMA)

France

ERPRO GROUP

Leader in additive manufacturing of metal and plastic components, specialised in the production of prototypes and pre-productions runs

France

Preliminary list of participants - 17/09/2021

FACT - FLUID ACTUATION & CONTROL TOULOUSE

DIRECT DRIVE VALVES, PROPORTIONAL VALVES AND SERVOVALVES

France

FONDERIE RAPIDE BELFORTAINE - FRB

Sicta's "pilot" foundry was established in 2008 and is specialised in the making of casted alloys aluminum parts in small series and prototypes.

France

FRANCE ADDITIVE

French Association of Rapid Manufacturing & Prototyping

France

FREYSSINET AERO EQUIPMENT

Global product sourcing parts and mechanical equipment for the aeronautics and space

France

FUTURPROD

Technological platform from ADDIMALLIANCE

France

GF MACHINING SOLUTIONS FRANCE SAS

GF Machining Solutions, and 3D Systems, a leading global provider of AM solutions and the pioneer of 3D printing, have partnered to introduce new metal 3D printing solutions.

France

GMP ADDITIV'

GMP Additiv' specializes in metal selective laser melting for complex products with high added value. Major partner in the field, its total control over the entire value chain means it can offer the best solution for every client.

France

GOUVERNEMENT DU CANADA

Government of Canada - Trade Services

France

GROUPE EXCENT

Industrial Solutions Designer and Integrator, eXcent Group offers to its clients an expertise in mechanical engineering

France

GROUPE SÉGNERÉ

General precision machining, fine sheetmetal work, assembly.

France

HEXCEL FRANCE

Manufacture of high-performance resin and pre-impregnated reinforcements

France

IMT MINES ALBI-CARMAUX

A school of the ministry of industry, the higher national school of mines of Albi-Carmaux is part of the Mines-Telecom Institute , which is today the first group of schools of engineering and management in France

France

INSTITUT MAUPERTUIS

CENTRE DE RESSOURCES EN TECHNOLOGIES INNOVANTES (CRT)

France

INVEST IN TOULOUSE

Agence d'attractivité

France

IREPA LASER

IREPA LASER is an industrial R&D company specialized in laser processes and materials

France

IRT JULES VERNE

Research and innovation center dedicated to advanced manufacturing technologies for composite, metals and hybrid structures

France

IRT SAINT EXUPÉRY

IRT Saint Exupéry is a technological research institute which accelerates science, technology research and transfer to aeronautics, space and embedded systems industries.

France

ISAE-SUPAERO

World leader in aerospace engineering higher education

France

Preliminary list of participants - 17/09/2021

IXBLUE

iXblue is a leading global provider of innovative solutions and services for navigation, positioning, and imaging.

France

IXBLUE

iXblue is a leading global provider of innovative solutions and services for navigation, positioning, and imaging.

France

KALLISTO

Commercialization, integration, implementation of rapid prototyping and 3D scanning systems, as well as services related to these technologies

France

LATECOERE

Aviation equipment supplier: European leader of front points, Global leader of doors

France

LIEBHERR AEROSPACE & TRANSPORTATION SAS

Produces air management systems for the international aviation

France

LISI AEROSPACE ADDITIVE MANUFACTURING - LAAM

A worldwide manufacturing specialist for fasteners and structural components used for the airframe as well as the engine of the aircraft (Joint Venture Lisi Aerospace et Poly Shape)

France

MILLENIUM 3D

Expert in 3D printing systems and IT solutions for over 12 years, the Millénium 3D team is at the forefront of the latest technologies.

France

MSC SOFTWARE - HEXAGON

MSC Software develops simulation software technology that enables engineers to validate and optimize their designs using virtual prototypes

France

NAVAL GROUP CENTRE DE RUELLE

France

NIMESIS TECHNOLOGY

Europe leaders in devices using shape memory alloys technologies : Nitinol, CuAlBe, CuAlNi

France

NORMANDIE AEROSPACE

Born in 1998 the control of major industrial Norman, NAE is the sector of excellence Norman areas of aeronautics, space, defense and security.

France

NOVADDITIVE

Novadditive offers you to produce according to your plans, ceramic parts in additive manufacturing, from prototypes to small and medium series.

France

OCETA

Technical support, development, distribution & repair service for tooling & interconnect solutions for aerospace, military, railroads and electronics industries

France

ONERA - OFFICE NATIONAL D'ÉTUDES ET DE RECHERCHES AÉROSPATIALES

Organisme de recherche / The French Aerospace Lab

France

PRO3D

PRO3D is a technological platform of the University of Montpellier dedicated to prototyping and additive manufacturing (3D printing in polymer, resin and metal).

France

QUANTMETRY

IA consulting

France

QUANTMETRY

IA consulting

France

Preliminary list of participants - 17/09/2021

RADIALL (SITE DE VOREPPE)

Digital modeling, electromagnetic and mechanical simulation, rapid prototyping, highly precise machining, specialized plating and coating, as well as complex cutting, stamping, folding, rolling, and bending operations for all types of materials

France

RECAERO

France

RENISHAW SAS

Renishaw is a leading manufacturer of advanced metal additive manufacturing systems and expert provider of customer-tailored solutions.

France

RESCOLL

Independent research company specialized in technological innovation, and aeronautical tests. It is specialized in mechanical, physical-chemical and fire tests

France

RÖSLER FRANCE - AM SOLUTIONS

Vibratory finishing, consumables (media and compounds), shot blasting (shot peening, wet blasting, high pressure water jet blasting), painting systems, conservation lines

France

SAFRAN ADDITIVE MANUFACTURING (SAFRAN TECH)

Additive Manufacturing

France

SAFRAN ELECTRICAL & POWER

Global leader in aeronautical power and electrical systems

France

SAFRAN TECH (PARIS-SACLAY)

Safran's Research & Technology Centre

France

SAFRAN VENTILATION SYSTEMS

Equipment and ventilation systems

France

SAVOIE RECTIFICATION

Machining, forming, treatment, grinding, control

France

SIEMENS DIGITAL INDUSTRIES FRANCE

Siemens est le leader mondial des produits technologiques d'automatisation conçus et fabriqués pour tous les secteurs industriels.

France

SIEMENS MOBILITY

PLM softwares

France

SOGELAIR GROUP

Major partner in engineering and a prime contractor for the aerospace industry for each and all of its domains of expertise and product line

France

SOLVAY - LABORATOIRE DU FUTUR

Global leader in materials, solutions and chemicals

France

SOURIAU

Electronic components

France

STELIA AEROSPACE

French Aerostructures leader and world #2 for the production of Nose Fuselage subassemblies, Aerolia produces every year 500 nose fuselage sections and more than 4 million elementary parts and panels.

France

STELIA AEROSPACE (ROCHEFORT)

Design, manufacture and assembly of parts of aerostructures for Airbus and ATR, the design and manufacture of seats for aircraft and helicopter cockpits and the design and manufacture of chairs first and business class for airlines.

France

SYNERGIZ SAS

Mixed reality

France

Preliminary list of participants - 17/09/2021

TDK-LAMBDA FRANCE SAS

Conception et fabrication d'alimentations AC-DC, des convertisseurs DC-DC, des alimentations programmables et des filtres EMC/EMI / Design and manufacture of AC-DC power supplies, DC-DC converters, programmable power supplies and EMC / EMI filters

France

TECALEMIT AEROSPACE

Rigid Pipes and Hose Assemblies for the Aerospace Industry.

France

TECHNI-MODUL ENGINEERING

Industrialization of the manufacturing process for parts made from composite materials.

France

TEKNA PLASMA EUROPE SAS

Leader in ICP Plasma Systems and Manufacturer of Advanced Material Powders

France

TEMISTH SAS

TEMISTh supports companies in their process of innovation and propose of thermal solutions from digital design to pre-industrial prototype.

France

THALES ALENIA SPACE

Satellite systems and at the forefront of orbital infrastructures

France

THALES LAS OME

Airborne optronics

France

TRUMPF FRANCE

Additive manufacturing; Laser technologies (welding, marking, cutting);

France

VENTANA

Realization of castings Realisation of complex mechanical precision parts, Overall Production of precision metalworking and welding, Three-Dimensional Measurement Specialist: Expertise and Control Program

France

VIACCESS - ORCA

VO provides platforms, content protection, and advanced data solutions for a personalized experience to content providers and operators.

France

VOLUM-E

High performance additive manufacturing

France

WEARE

Detail parts manufacturing and complex metallic sub-assemblies: High precision mechanical parts, Turning/milling/sheet metal, NDT & surface treatments, Additive manufacturing solutions (plastic/metal), Assembly, Speedshop process.

France

AALBERT SURFACE TREATMENT GMBH

The focus of our business area is the functional refinement of technical surfaces as a service. Every day, we carefully and reliably coat individual, small and large series parts

Germany

DEVOTEAM S TEAM GMBH

Germany

DEVOTEAM S TEAM GMBH

Germany

ENSINGER GMBH

Produces compounds, semi-finished products, finished parts, complete assemblies and precision profiles from high-performance plastics

Germany

Preliminary list of participants - 17/09/2021

EOS GMBH - ELECTRO OPTICAL SYSTEMS

EOS is leading supplier for responsible manufacturing solutions via industrial 3D printing technology

Germany

FRAUNHOFER-INSTITUT FÜR WERKSTOFF- UND STRAHLTECHNIK (IWS)

Fraunhofer Institute for Material and Beam Technology IWS

Germany

PRAXAIR SURFACE TECHNOLOGIES GMBH

Praxair Surface Technologies for TruForm metal powders, resources, and supply to turn your AM dreams into reality. Full line of cobalt, iron, nickel, and titanium powders. Gas atomized metal powders specifically designed for additive manufacturing

Germany

PREMIUM AEROTEC GMBH

Germany

PREMIUM AEROTEC GMBH

Germany

SCHMELZMETALL DEUTSCHLAND GMBH

manufacturing of our HOVADUR raw material / powder for various applications and namely 3D-printing

Germany

SLM SOLUTIONS GMBH

Additive Manufacturing - Selective Laser Melting

Germany

STRATASYS GMBH

3D printing / Impression 3D Additive manufacturing / Fabrication additive Polymers / Polymères

Germany

TANIOBIS GMBH

Refractory metals and alloys powder manufacturer

Germany

ALFA MECCANICA SRL

High precision machining for aeronautical and aerospace sectors, CNC milling and turning 3/4/5 axes, die-sinking/wire E.D.M machining, unit assembly

Italy

AVIO AERO

Italy

C.M.S. SPA

Hybrid system for additive manufacturing and milling and CNC machines for composites processing

Italy

ELLENA SPA

Additive Manufacturing, precision machining

Italy

PIEMONTE / AGENCY TORINO PIEMONTE AEROSPACE

Piemonte region representation of additive and mechatronic companies in the aerospace field

Italy

PRIMA ADDITIVE SPA

2D and 3D production of CO² laser machine for cutting, welding, and drilling

Italy

SOLIANI EMC SRL

Customized shielding solutions

Italy

EXPONENTIAL TECHNOLOGIES LTD

We have developed xT AMi, a parameter development platform with extensive printer & material knowledge powered by newest advances in machine learning

Latvia

ALSTOM POLAND

Alstom has been present in Poland in the transport sector for 20 years with a 150-year legacy railway manufacturing in the country.

Poland

Preliminary list of participants - 17/09/2021

AP AIRCRAFTS LTD

Production of composite elements for aircrafts, gliders and motor gliders

Poland

COLLINS AEROSPACE

Collins Aerospace, a unit of Raytheon Technologies Corp. (NYSE: RTX), is a leader in technologically advanced and intelligent solutions for the global aerospace and defense industry.

Poland

MARSHAL'S OFFICE OF THE PODKARPACIE REGION

Department of Promotion and Economic Cooperation of Podkarpackie Region

Poland

WYTWORNIA KONSTRUKCJI KOMPOZYTYWYCH "PAPIOREK" SP. Z O.O.

Designing, prototyping and production of aircrafts.

Poland

AERNOVA AEROSPACE, S.A.

Aeronautics Industry; global aerostructures company assuming the integral management of large aircraft sections

Spain

CAMARA OFICIAL DE COMERCIO E INDUSTRIA DE ALAVA

The Chamber of Commerce offers businesses training and advice on issues of Internationalization, Industry, Trade.

Spain

MIZAR ADDITIVE MANUFACTURING S.L.

Additive manufacturing, 3D design

Spain

OPTIMUS 3D SL

Engineering and manufacturing solutions based on 3D Printing technologies. Focused to automotive, aerospace and medical markets

Spain

STEIGER GALVANOTECHNIQUE SA

Galvanotechnical surface treatment. Plating on 3D laser printed parts

Switzerland

KALE HAVACILIK SANAYI A.S.

Manufacturing body, wing and winglet spare parts, sub systems of existing high pressure compressor and engine exhaust winglets.

Turkey

SENTES-BIR A.S.

manufacturing of metal powders, including powder for additive manufacturing powders.

Turkey

TURKISH AEROSPACE INDUSTRIES

Center of technology in design, development, manufacturing, integration of aerospace systems, modernization and after sales support in Turkey

Turkey

TURKISH AEROSPACE INDUSTRIES

Fixed and rotary wing aircraft manufacturing

Turkey

TUSAS ENGINE INDUSTRIES INC (TEI)

TEI's vision is to be a leading engine manufacturer through design, production and service of globally competitive, sustainable and indigenous aviation power systems and their derivatives.

Turkey

IVCHENKO PROGRESS, SE

Designing, manufacturing, test, operational development, certification and repair gas turbine engines of air and industrial applications

Ukraine

ADS GROUP LIMITED

ADS is the Premier Trade Organisation for companies in the UK Aerospace, Defence, Security and Space Sectors. Membership is made up of over 1000 UK registered businesses.

United Kingdom

FDM DIGITAL SOLUTIONS LIMITED

United Kingdom

Preliminary list of participants - 17/09/2021

UNIVERSITY OF STRATHCLYDE

United Kingdom

COLLINS AEROSPACE

Advanced aerostructure technologies for propulsion
components and specialty structures

USA

SENIOR AEROSPACE SSP

Designer and manufacturer of complex high-pressure ducting
systems for aircraft worldwide

USA
