

AEROSPACE ADDITIVE MANUFACTURING SUMMIT

The must-attend B2B event dedicated
to additive manufacturing in aeronautics and space

TOULOUSE | SEPTEMBER 20-21, 2023

france.additive-aerospace-summit.com

Preliminary list of participants - 03/07/2023

INVAP SE

Devoted to technological development in various fields of expertise including industry, applied research, and science in Argentina

Argentina

METALPINE GMBH

Production of high quality spherical metal powders.

Austria

SONACA

Stress/Design/Manufacturing/Testing/Certification

Belgium

NÉTUR INC

Nétur Inc. is a Tier-2 manufacturer of jet engines components and assemblies. Nétur Inc. is a vertically integrated manufacturer with in-house capabilities for machining, processing and assembling, resulting in a seamless integration of functions

Canada

COMMERCIAL AIRCRAFT CORPORATION OF CHINA LTD (COMAC)

COMAC is engaged in the research, manufacture and flight tests of civil aircraft and related businesses such as marketing, servicing, leasing and operations of civil aircraft

China

ADDIMALLIANCE

Aerospace Valley platform for additive manufacturing

France

AERECO

Aereco develops innovative ventilation solutions for residential and office buildings

France

AERO SUD OUEST

Aerospace and space activities : metallic detail parts manufacturing, development of alternatives manufacturing technologies, research of technical solutions for improvement and reliability of the current productions

France

AIRBUS DEFENCE & SPACE

Established leader in space transportation, satellite systems and services

France

CDS - COGNITIVE DESIGN SYSTEMS

Cognitive Design Systems is developing a product design software which helps designers and engineers generate designs using AI

France

CEA TECH EN OCCITANIE PYRÉNÉES-MÉDITERRANÉE

Research organization, accelerating innovation for industries

France

CNES - CENTRE NATIONAL D'ETUDES SPATIALES

The Centre National d'Etudes Spatiales (CNES) is the government agency responsible for shaping and implementing France's space policy in Europe.

France

Preliminary list of participants - 03/07/2023

CRITT MATERIAUX INNOVATION

Innovative materials

France

FASTENAL FRANCE

Fastenal is an industrial supply company for all sectors of activity

France

CT INGENIERIE

Conception, calcul et optimisation des structures, Structures et matériaux, Maillage, Mécanique des fluides, Simulation du process, Informatique scientifique et technique

France

FILAB

Analytical laboratory in Organic, Inorganic & Materials Chemistry

France

DELTEC HKO FRANCE

Fabricant de textiles techniques dédiés à l'isolation haute température et autres applications thermiques, phonique et vibrations , barrières feu sièges ...

France

FREYSSINET AERO EQUIPMENT

Global product sourcing parts and mechanical equipment for the aeronautics and space

France

DEMGY GROUP

High precision machining - Injection and decoration - Thermoforming and stamping - Surface treatment and metallisation - Products with electromagnetic compatibility

France

GMP ADDITIV'

GMP Additiv' specializes in metal selective laser melting for complex products with high added value. Major partner in the field, its total control over the entire value chain means it can offer the best solution for every client.

France

ELEMCA

Services and solutions in the field of Micro Electro Mechanical Systems

France

GROUPE EXCENT

Industrial Solutions Designer and Integrator, eXcent Group offers to its clients an expertise in mechanical engineering

France

ENSCM CARNOT CHIMIE BALARD CIRIMAT

Innovative materials research

France

ICAM

Higher Education, Research, R&D

France

Preliminary list of participants - 03/07/2023

IFTS INSTITUT DE LA FILTRATION ET DES TECHNIQUES SEPARATIVES

Study office, Consulting in water treatment, Liquid/solid separation, Dehydration (filters, centrifuges, dryers,...), Flocculation,...

France

PRINTSKY

Development of future industrial production projects in the field of additive metal manufacturing for the Aerospace, Space and Defense industries

France

IMPHYTEK POWDERS

Imphytek Powders is a 50/50 joint venture company combining Aperam's expertise in Nickel & Specialty Alloys with Tekna's unique wire plasma atomization technology.

France

PROTOLABS

Protolabs is a company that provides rapid manufacturing of low-volume 3D printed, CNC-machined, sheet metal, and injection-molded custom parts for prototyping and short-run production.

France

MBDA FRANCE

MBDA is the only European group capable of designing and producing missiles and missile systems to meet the whole range of current and future needs of the three armed forces.

France

RENISHAW SAS

Renishaw is a leading manufacturer of advanced metal additive manufacturing systems and expert provider of customer-tailored solutions.

France

MBDA FRANCE

France

ROXEL FRANCE

Roxel or Roxel Propulsion Systems is a Franco-British manufacturer of solid propulsion systems and associated equipment for all types of tactical and cruise rockets and missiles

France

NIKON METROLOGY SARL

Nikon offers the broadest range of metrology solutions for applications ranging from miniature electronics to the largest aircrafts. 3D scanning, 3D inspection, CMM, Articulated arms, computed tomography

France

SAFRAN HELICOPTER ENGINES

France

SIEMENS DIGITAL INDUSTRIES SOFTWARE

Siemens Digital Industries Software is driving transformation to enable a digital enterprise where engineering, manufacturing and electronics design meet tomorrow.

France

Preliminary list of participants - 03/07/2023

SNCF DIRECTION DES ACHATS

Rail transport

France

VESO CONCEPT

Design of durable and structural products

France

SODERN ARIANEGROUP

Instruments spatiaux : Optique, Optronique, Neutronique (Viseurs d'étoiles, plans focaux, missions scientifiques, analyseurs de matière, etc.). // Space Instruments: Optics, Optronics, Neutronics

France

LEHMANN & VOSS & CO KG

High performance plastic compounder for injection and additive manufacturing

Germany

SOGECLAIR AEROSPACE SAS

Société d'ingénierie qui conçoit et développe des produits industriels ainsi que des logiciels de simulation, essentiellement dans le domaine de l'aéronautique

France

NABERTHERM GMBH

Nabertherm with 400 employees worldwide have been developing and producing industrial furnaces for many different applications for over 60 years. As a manufacturer, Nabertherm offers the widest and deepest range of furnaces worldwide

Germany

TEKNA PLASMA EUROPE SAS

Leader in ICP Plasma Systems and Manufacturer of Advanced Material Powders

France

ROCKET FACTORY AUGSBURG

Germany

THALES ALENIA SPACE

Satellite systems and at the forefront of orbital infrastructures

France

RX ROBOTICS

Software and machinery for large-scale additive manufacturingjan@robotix.rocks

Germany

THALES SIX

Defence & Security

France

TRUMPF LASER-UND SYSTEMTECHNIK GMBH

Manufacturing solutions in the fields of machine tools & laser technology with great reputation in the aerospace industry, the only manufacturer offering both laser technologies for AM from a single source: Laser Metal Deposition & Laser Metal Fusion

Germany

Preliminary list of participants - 03/07/2023

EATON INDUSTRIES

Global technology leader in electrical systems for power quality, distribution and control; hydraulics components, ...

Ireland

AM SOLUTIONS SRL

We provide solutions for all stages of the 3D printing process

Italy

TUSAS ENGINE INDUSTRIES INC (TEI)

Manufacturing, overhaul of aeroengine parts

Turkey

SOUTH CAROLINA DEPARTMENT OF COMMERCE

With a world-class business environment, skilled workforce, solid transportation infrastructure, emerging innovation sector and close proximity to manufacturing firms in diverse industries, SC attracts capital investment from around the world.

USA

THE BOEING COMPANY

Boeing develops, manufactures and services commercial airplanes, defense products and space systems

USA
