EXHIBITING WITH HANSE-AEROSPACE

---

## THE SHOW

---

At the world's most important industrial trade fair, companies from the mechanical engineering, electrical and digital industries as well as the energy sector will present solutions for an equally efficient and sustainable industry. More than 4,000 companies act as a networked industrial ecosystem and show how climate neutrality can be achieved through electrification, digitalisation and automation.

Hanse-Aerospace is organising a joint company stand in the Digital Ecosystems Area. The focal points here include

- Business Management Software
- Digital platforms, data & cloud
- Wireless technology & 5G
- Engineering Software
- IT/OT Security
