INNOVATION
IN THE DIGITAL
ECOSYSTEMS AREA

ABOUT US

Hanse-Aerospace has been successfully organising joint stands of up to 2,000 square metres at national and international trade fairs for many years. You can achieve high visibility with just a few square metres with us!

ABOUT THE EXHIBITION

As the largest B2B platform of its kind, the Digital Ecosystems exhibition area covers the entire digital value chain of the manufacturing industry. IT solutions and applications that drive digital transformation will be on display. Take the opportunity to present your company and your portfolio to the entire manufacturing industry!

WHAT YOU GET

We offer you a joint booth packed with future orientated EU projects!

The All-inclusive package for 5,500 EUR includes:

- Stand construction with banners, rear and partition walls with your customised content, carpeting, furniture, power connection and lighting
- Stand security and stand cleaning
- Catering with drinks and hot snacks
- Storage and kitchen
- All-round support and much more!
